NOTICE 54 TO CUSTOMERS

NEW ESERVICES SYSTEM FOR REGISTRATION OF CO-OPERATIVES

Dear Customer

CIPC always endeavour to improve the way we service our clients thus minimizing the cost of doing business in South Africa. As a result we have introduced a New Eservices Online Co-operative registration platform, which is user friendly, quick and easy.

Having said the above we advise the clients in order to avoid unnecessary delays and enquiries, that when they use the new system please note that it must be an end to end process, meaning everything starting from Name Reservation till complete Co-operative registration must be done on new eservices. Therefore if the name reservation was done on the old system then the client will have to complete the registration of co-operative on the old system to end system and send your documents to Cooperativesonline@cipc.co.za

Yours sincerely

.....
