NOTICE TO CUSTOMERS

DISPARITY OF COMPANY REGISTRATION AND INCORPORATION NUMBERS

Dear Customers,

You may find that the registration number of your application submitted last year is 2014 and the Incorporation date is 2015. This is due to the automation of CIPC's systems. CIPC now acknowledges the application immediately on receipt date (in this case of a 2014 filing). In some instances there were applications which were only verified and approved in 2015 and these will show the Incorporation date of 2015.

Sincerely,

Mrs. Astrid Ludin
