

**NOTICE TO CUSTOMERS
No 39 of 2015**

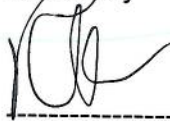

HYBRID CK2 FROM ADDITIONAL SERVICES LINK ON THE WEBSITE

As from September 2014 CIPC introduced eservices with the view to improve our services and as a result previous systems were deactivated and from our website pertaining to e-application/hybrid. However we have observed that other clients copied the link and are still using the applications which were discontinued for an example the hybrid attached as annexure "A".

We advise clients to note that we are not accepting these applications and eservices available on the website can be used instead of hybrid system. The turnaround time is still the same therefore the system has not negatively affected the experience of the clients instead it has adding value to the process in many respects.

We trust that you will find the above information in order and please make use of our website www.cipc.co.za for more information.

Sincerely

Adv. Rory Voller

Acting Commissioner: CIPC
