Anyone with more than 5% beneficial ownership of a company or close corporation must submit (file) with the CIPC, the requisite information. Explanatory note: It is accepted that the filer responsible for filing beneficial ownership information of any applicable entity, has been mandated in writing by the company or close corporation, to tend to same on behalf of the entity. This written and signed mandate, received by the filer, also forms part of the supporting documentation that must be uploaded to the Commission, upon filing of the BO-information. It is accepted that the filer has been provided with the full information required to tend to the BO-filing on behalf of the entity, and the agreement above relates to the filer confirming that he/she is attending to the instructions of the entity on whose behalf they are filing.

Legislative guideline: When transacting with the CIPC it is accepted that the CIPC Terms & Conditions, as well as Privacy Policy (available on the CIPC website homepage) have been thoroughly read and the content thereof accepted. Section 214 of the Companies Act, provides for criminal prosecution of individual as well as juristic persons in the event of reckless conduct, non-compliance with the Act, as well as providing false statements.

7. The system will display 2 grids, one for the applications in progress and the other on completed applications. To start a new transaction, the customer has to click the **New** button.

Explanatory note: Applications in progress refers to BO-filings that have been done prior, but not finalized. The system allows for progress on filing to be “saved” and returned to later. Applications in progress do not constitute a valid filing of beneficial ownership information and requires filings to be submitted (and a confirmation thereof received) before it is accepted as complete.

Explanatory note: Entity statuses

Entities with types of statuses, such as active, business rescue and deregistration process, may proceed to file. Entities with the following statuses **cannot file BO-information**: -

- Final de-registration (whether voluntary or AR);
- Voluntary de-registration process (not AR);
- Final Liquidation;
- Voluntary liquidation;
- Provisional liquidation;
- Suspended;
- Conversion from CO/CC or CC/CO
- Dissolved

Legislative guideline: Entity status

While an entity is in de-registration process, (whether voluntary or due to annual return non-compliance), the entity is still active and able to trade and do business and is thus required to comply with filing of beneficial ownership information if applicable. Once an entity has been finally de-registered, liquidated

or dissolved, the entity no longer exists, cannot trade and do business and is thus not required to comply with BO-information filing. Entities converted from a CC to a company and *vice versa*, is only required to file BO-information in terms of the entity type it was converted into and not for the entity type it was before conversion. For all intent and purposes, the initial corporate entity, no longer exist, once conversion is complete.

Explanatory note: Entity types

The following entity types are required to file BO-information, if applicable: -

- Profit companies;
- Non-profit companies;
- External companies; and
- Close Corporations

Explanatory note: Identity verification

ID verified means that the South African ID number submitted has been verified against the Department of Home Affairs database. For foreign beneficial owners, a certified passport copy must be uploaded for the purpose of verification. (See certification guidelines available on the CIPC website).

Explanatory note: Status

The reference to the status of the beneficial owner directly relates to the fact that the person listed is a beneficial owner. At any time, beneficial ownership changes, such changes must be submitted to the CIPC, which will update the register. Should a beneficial owner (already declared) no longer fall within the 5% threshold requirement for declaration, then same must be amended via CIPC and the status will change to inactive.

Explanatory note: Ownership %

Beneficial ownership in respect of a company means, an individual who, directly or indirectly, ultimately owns that company or exercises effective control over that company. (Section 55 of the General Laws Amendment Act, 22 of 2022, read with the amendments to the Companies Act and Companies Act Regulations).

In the drop down list provided on the BO system, any one or more of the below types of beneficial ownership / control can be selected. Important to remember the 5% threshold for beneficial ownership declaration, with an aggregate of 100%. Currently the Companies Act provides for 5% of beneficial interest in securities, thus the norm was upheld in terms of beneficial ownership. Any beneficial ownership / control below 5%, need not be declared.

Legislative guideline: Beneficial ownership

Types of beneficial ownership / effective control:

- The holding of beneficial interest in the securities of a company;
- Control over voting rights, or control over the exercise of voting rights associated with securities of a company;
- The exercise of the right to appoint / remove members of the board of directors of a company, OR control over the exercise of the right to appoint / remove board members;
- The holding of beneficial interests in the securities of a holding company, (through a subsidiary) OR the ability to exercise control (including through a chain of ownership) of a holding company through its subsidiary;
- The ability to exercise control, through a chain of ownership, of-
 - (i) A juristic person other than a holding company of that company;
 - (ii) A body of persons corporate or unincorporate (i.e body corporate of an estate – NPC);
 - (iii) A person acting on behalf of a partnership;
 - (iv) A person acting in pursuance of a trust or agreement (i.e trustees, beneficiaries of trusts, beneficiaries of an agreement);
- The ability to otherwise materially influence the management of that company – effective control.

- State owned companies (SOC's) will also be required to file BO information, unless exempted by the Minister in terms of section 9(2) of the Companies Act.

10. The following page will be displayed, the filer is expected to capture the beneficial owner of the entity. Once the filer concludes capturing, the filer must click on the save button. This will result in the information provided being saved, but the filing is not finalized until submission.

This includes, company secretaries, attorneys' firms, auditors, secretarial companies and even the directors of the company.

[Explanatory note: OTP's](#)

The filer must submit both OTP's (information of filer obtained from customer code registration and login information and thus filers must ensure this information is up to date and accurate before proceeding to file BO information).

ALL the directors of a company (in case of company BO-filing) will receive a notification alerting them that beneficial ownership is about to be filed for the relevant company and ALL the members of a close corporation will receive an alert of BO-filing.

OTP's are not sent to the submitted beneficial owners for approval, only to the filer, in terms of the written and signed mandate to submit on behalf of the entity.

Legislative guideline: OTP's

It remains the responsibility of the directors of companies and members of close corporations as part of their due diligence and governance duties to ensure BO-filing (as and when applicable) is facilitated. Therefore, when providing a mandate to any person to file beneficial ownership information on behalf of the entity, directors and members must ensure that the information is correct and valid.
