20 JUNE OF 2023

CIPC INTERNET LINKS ARE DOWN

The CIPC is currently unable to process certain transactions (delay in tax registrations for new companies as well as tax number enquiries), due to internet links used by CIPC being down.

All CIPC branches (Johannesburg, Cape Town and Pretoria) are impacted by this problem and are unable to assist customers. Customers are encouraged to use online platforms for transacting.

The issue has been escalated to the Internet Service Provider and is currently being attended to, to ensure a speedy resolution.

Yours sincerely,
