

## NOTICE TO CUSTOMERS

(Notice Number 40 of 2024)

### MASKING OF INFORMATION ON COR39 PROPOSED CHANGES

CIPC, as the custodian of company registers, collects the information of directors and such information becomes available to the public when filed with the Commission.

However, we have introduced masking of personal information when filing for director amendments in the event that the filer is not authorized to file on behalf of the company. Therefore, the information of directors of companies will be masked e.g. ID numbers, passport numbers, addresses, etc when filing for director amendments.

The filer will be able to update information, where necessary, and the output document CoR39 will display the correct information.

Yours Sincerely,

.....
