

Notice 52 of 2024

FILING OF PROSPECTUSES CAN BE MADE ONLINE AS FROM 01 SEPTEMBER 2024

CIPC embarked on a process to streamline the process of prospectus registration by developing an electronic filing capability to assist clients. This is in line with the dtic's Medium Term Strategic Plan: To promote structural transformation, towards a dynamic industrial and globally competitive economy and to broaden participation in the economy to strengthen economic development.

From 1 September 2024 clients will be required to file a prospectus using the e-services at <https://eservicese.cipc.co.za>.

However, kindly continue using the e-mail address: prospectus@cipc.co.za during the pilot phase which will run for a two-week period. During the filing period, the published turnaround times and fees as per Companies Act will still apply.

We would like to bring to your attention that in the event of a rejection of the final prospectus or a supplementary prospectus, clients are given five business days to rectify and finalize their filing. Failure to address the required changes within the stipulated timeframe will result in the necessity to lodge a new filing, for which the client will be liable to pay the published fees.

Yours sincerely,

Signed by Rory Voller, RVoller@cipc.co.za
