1. Purpose

This step-by-step guide is designed for both existing CIPC customers who intend to access and utilise the digitised Patent Certificates on IP Online. The relevance of this guide is associated with the introduction of electronic Patent Certificates and their integration into the Patent Division's workflow. The screenshots in this guide are simplified to assist users in consuming the features related to electronic Patent Certificates.

The objective is to:

1. Improve business efficiency, service delivery, and reliability within the Patent Division.
2. Ensure alignment with the Patents Act and regulations, specifically by:
 - Generating electronic certificates with authorised signatures and built-in security measures.
 - Downloading certificates in PDF format.
 - Ensuring accessibility of LPs on IP Online.
 - Utilising QR codes for authentication, security, and compliance.
 - Including the seal of the Republic of South Africa and the CIPC Patent Office seal.
3. Allow ease of access to electronic Patent Certificates on IP Online.
4. Provide a simplified and improved user experience for both first-time and frequent users of the portal.
5. Enable professional law firms to utilise the electronic certificates more proficiently and consume full functionality of the incorporated digital features.

The guide is simplified and delineated as follows:

1.1 How to download Letters Patent on IP Online:

- Step 1: The client receives an email with link to IP Online
- Step 2: Access the portal and access IP online as a customer: Login
- Step 3: Letters Patent Certificate Download

1.2 How to download Letters Patent of Addition on IP Online

- Step 1: The client receives an email with link to IP Online
- Step 2: Access the portal and access IP online as a customer: Login
- Step 3: Letters Patent of Addition Certificate Download

1.3 How to download Certified Letters Patent/ Certified Letters Patent on IP Online

- Step 1: Access the portal and access IP online as a customer: Login
- Step 2: IP Online Menu Access
- Step 3: Request for Certificate (P4) selection
- Step 4: User fills in the relevant application number
- Step 5: Initiate Certified Copy Request
- Step 6: Billing Agreement
- Step 7: Application Queued
- Step 8: Download the P4 and sales journal
- Step 9: Download the certified Letters Patent
- Step 10: Redirect to IP Online Login Page
- Step 11: Certified Letters Patent Download
- Step 12: Download Certified LP Disclaimer pop up

1.1 How to download Letters Patent on IP Online

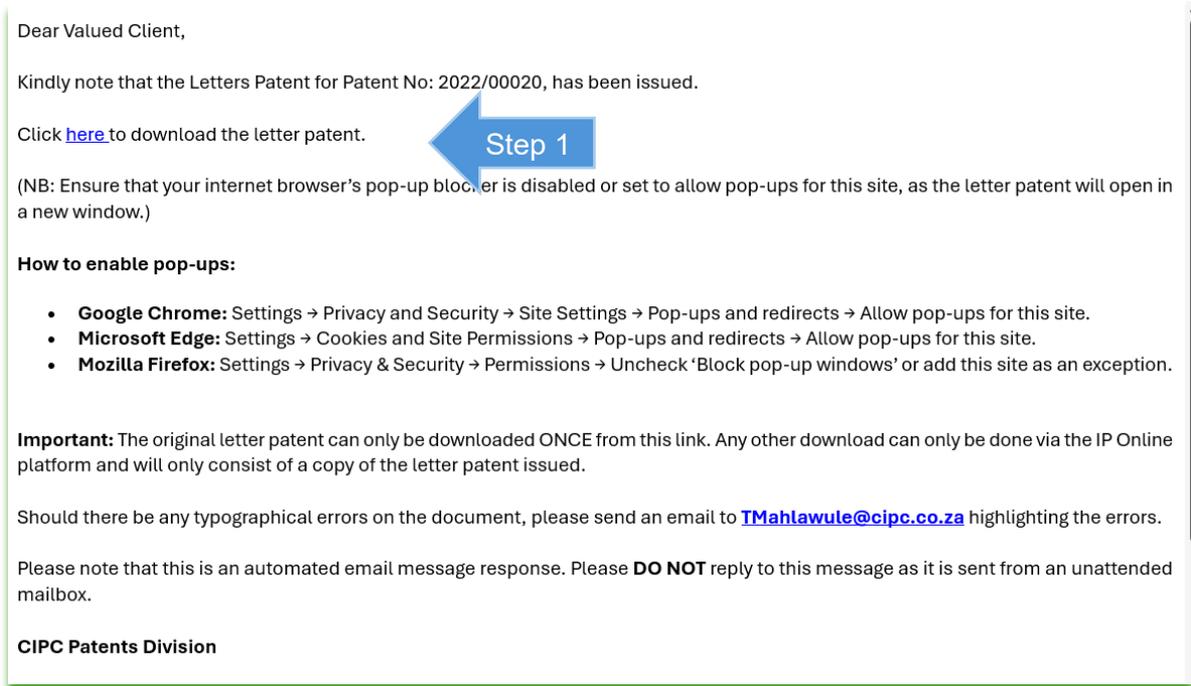

Figure 1: Receive Email with Link to IP Online

Step 1: To access; the client receives an automated email containing a secure link to the IP Online portal.

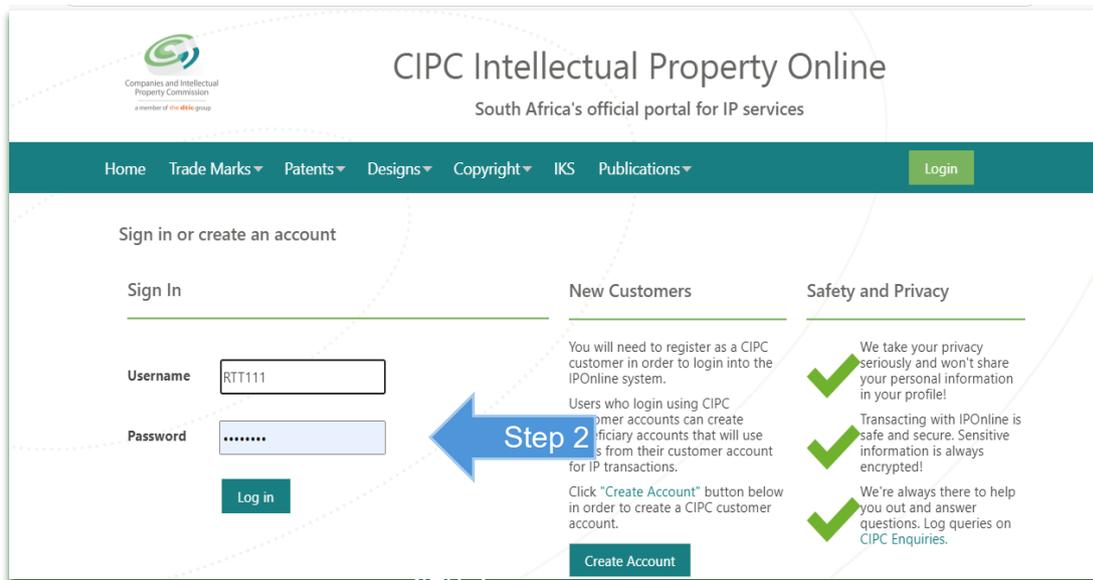

Figure 2: Login Page

Step 2: The client accesses the portal and selects the Login button to proceed to the customer access area for IP Online.

Digitisation of Patent Certificate: User Guide

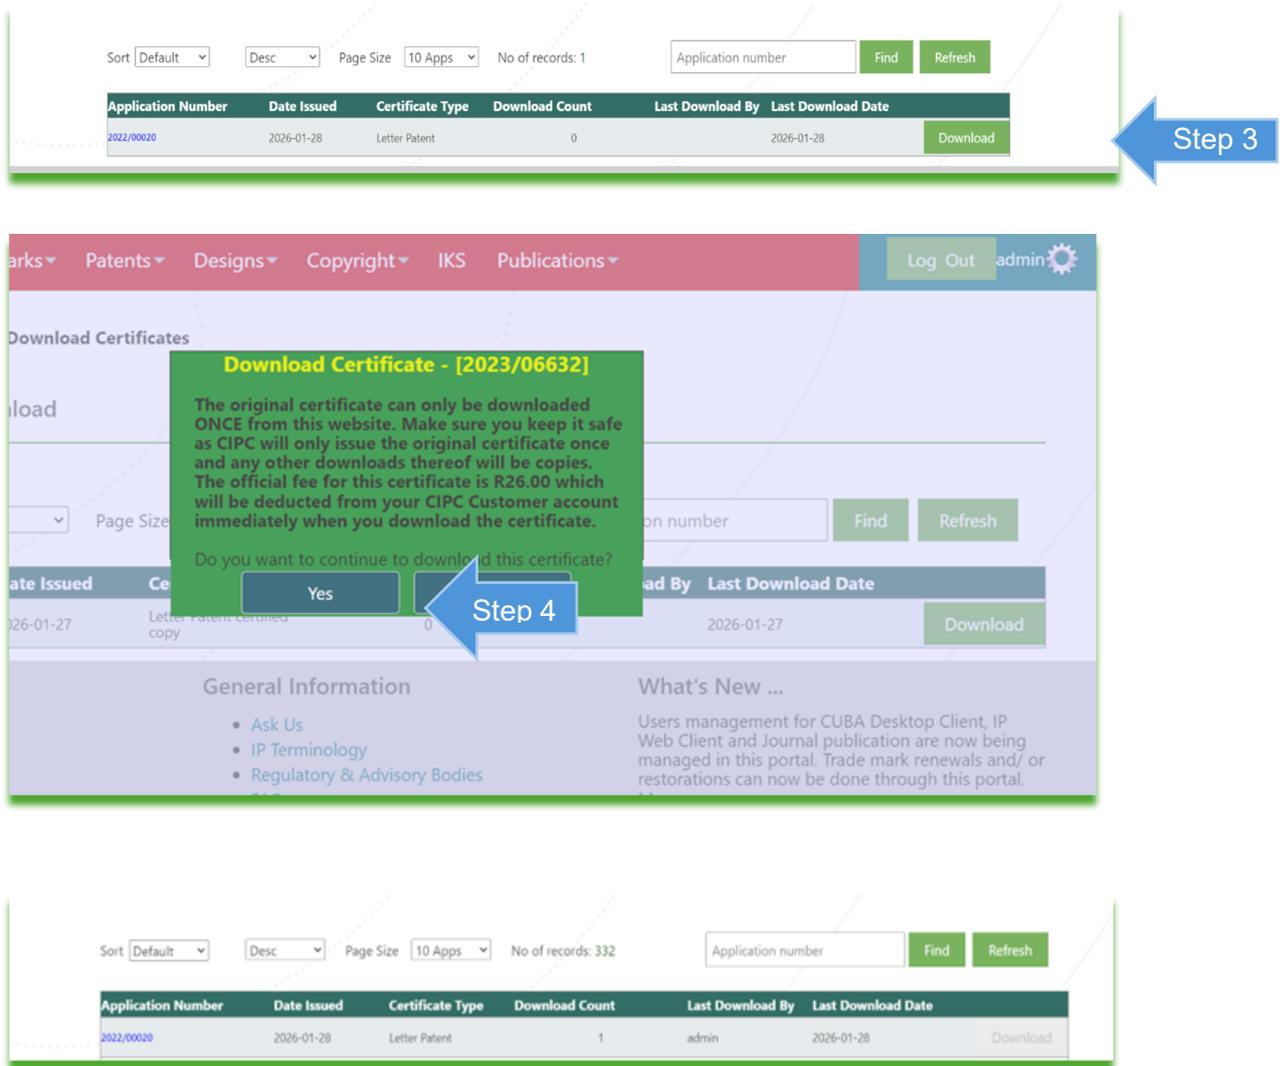

Figure 3: Letters Patent Certificate download page

Step 3: The client will be presented with certificate details, and the download button will be activated. When the client clicks on [here](#) on the **(Click here to download the certified certificate)** link on the email, the link should direct them to IP Online to enter their credentials and click login, upon a successful login the screen above will be displayed.

The user should click on the download button to download the certificate. The certificate will be downloadable only ONCE.

1.2 How to download Letters Patent of Addition on IP Online

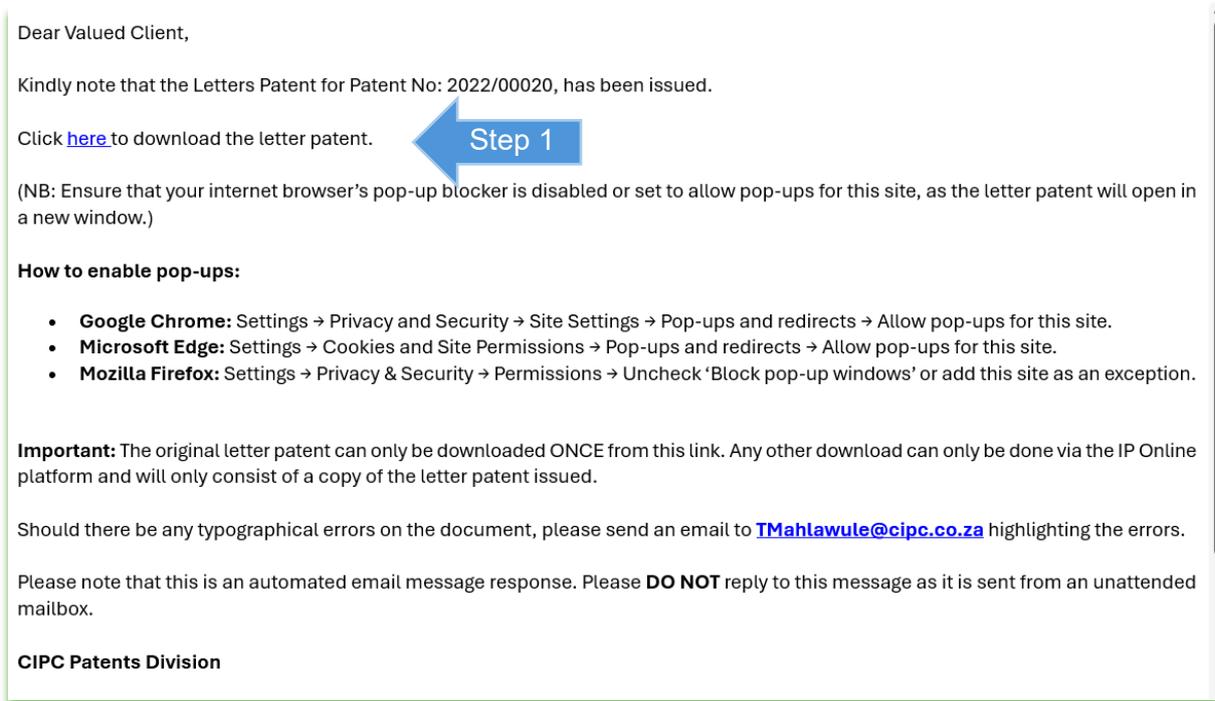

Figure 4: Receive Email with Link to IP Online

Step 1: To access; the client receives an automated email containing a secure link to the **IP Online** portal.

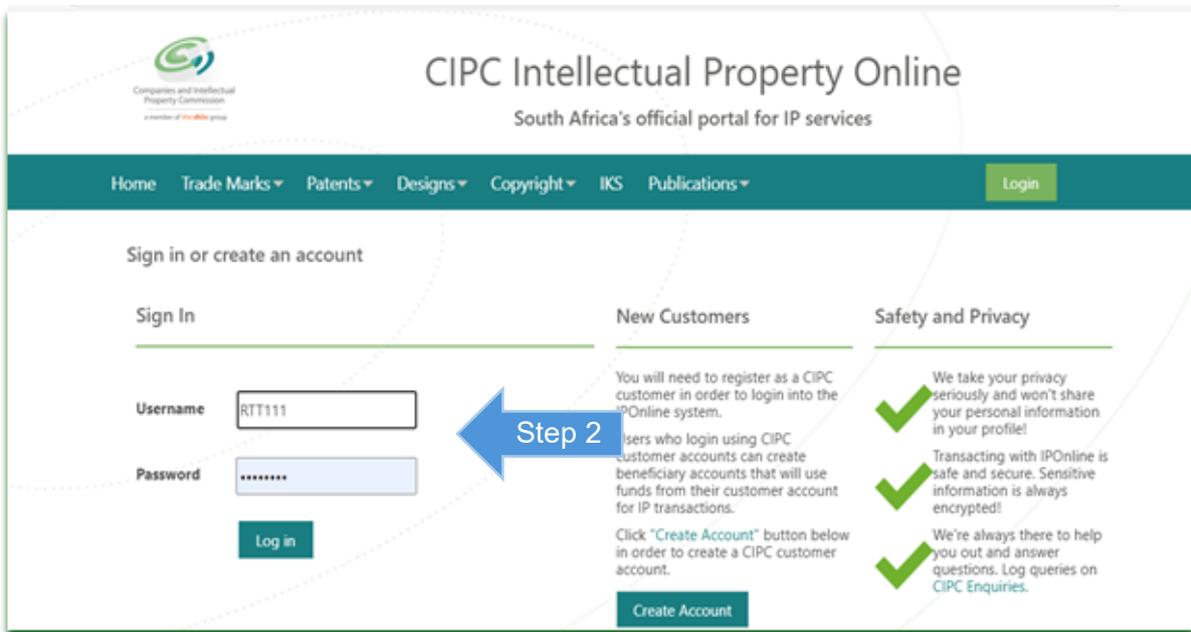

Figure 5: Login Page

Step 2: The client accesses the portal and selects the **Login** button to proceed to the customer access area for IP Online.

Digitisation of Patent Certificate: User Guide

The screenshot displays the IP Online interface for downloading a patent certificate. At the top, there are filters for 'Sort' (Default), 'Desc', 'Page Size' (10 Apps), and 'No of records: 1'. A search bar for 'Application number' with 'Find' and 'Refresh' buttons is also present.

The main table shows the following data:

Application Number	Date Issued	Certificate Type	Download Count	Last Download By	Last Download Date	Download
2022/00020	2026-01-28	Letter Patent	0		2026-01-28	Download

A blue arrow labeled 'Step 3' points to the 'Download' button in the table.

A confirmation dialog box is shown with the title 'Download Certificate - [2022/13462]'. The text inside reads: 'The original certificate can only be downloaded ONCE from this website. Make sure you keep it safe as CIPC will only issue the original certificate once and any other downloads thereof will be copies.' Below this, it asks 'Do you want to continue to download this certificate?' with 'Yes' and 'No' buttons. A blue arrow labeled 'Step 4' points to the 'Yes' button.

Below the dialog, another table is visible with the following data:

Date Issued	Certificate Type	Download Count	Last Download By	Last Download Date
26-01-28	Letter Patent for Patent of Addition	0		2026-01-28

At the bottom, there are sections for 'General Information' and 'What's New'. The bottom part of the screenshot shows a search bar and a table with the following data:

Application Number	Date Issued	Certificate Type	Download Count	Last Download By	Last Download Date	Download
2022/13462	2026-01-28	Letter Patent for Patent of Addition	1	admin	2026-01-28	Download

Figure 6: Letters Patent of Addition Certificate download page

Step 3: The client will be presented with certificate details, and the download button will be activated. When the client clicks on [here](#) on the (**Click here to download the certified certificate**) link on the email, the link should direct them to IP Online to enter their credentials and click login, upon a successful login the screen above will be displayed.

The user should click on the download button to download the certificate. The certificate will be downloadable only ONCE.

1.3. How to download Certified Letters Patent/ Certified Letters Patent on IP Online

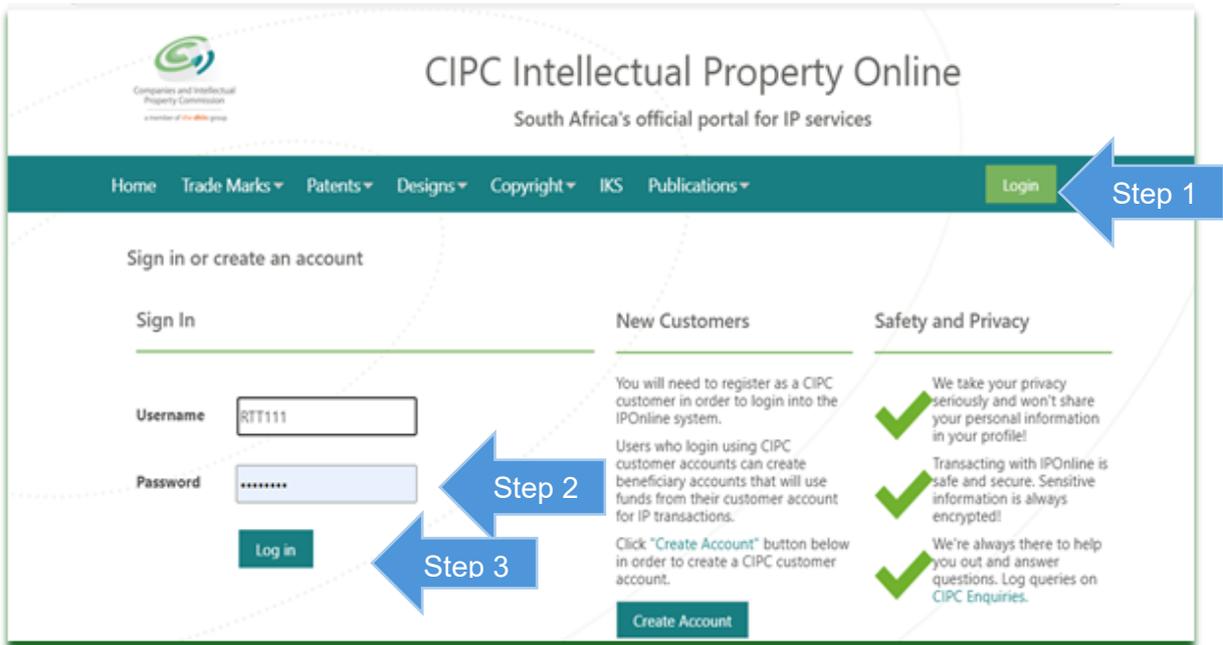

Figure 7: Login Page

Step 1: To access; the client should (select)/ click on the login button for the login page to be displayed, this is for the user to enter their credentials.

Step 2: The client should enter their username and password.

Step 3: The client should Select login.

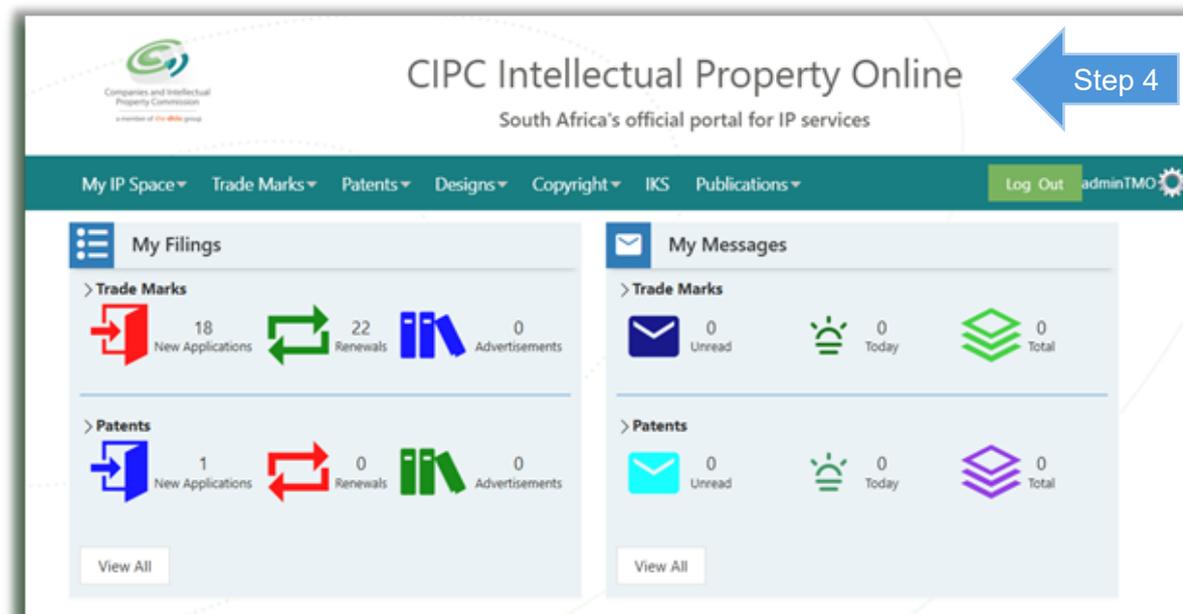

Figure 8: IP Online Landing Page.

The user may proceed by hovering over the Patents “tab” and **select Patents**.

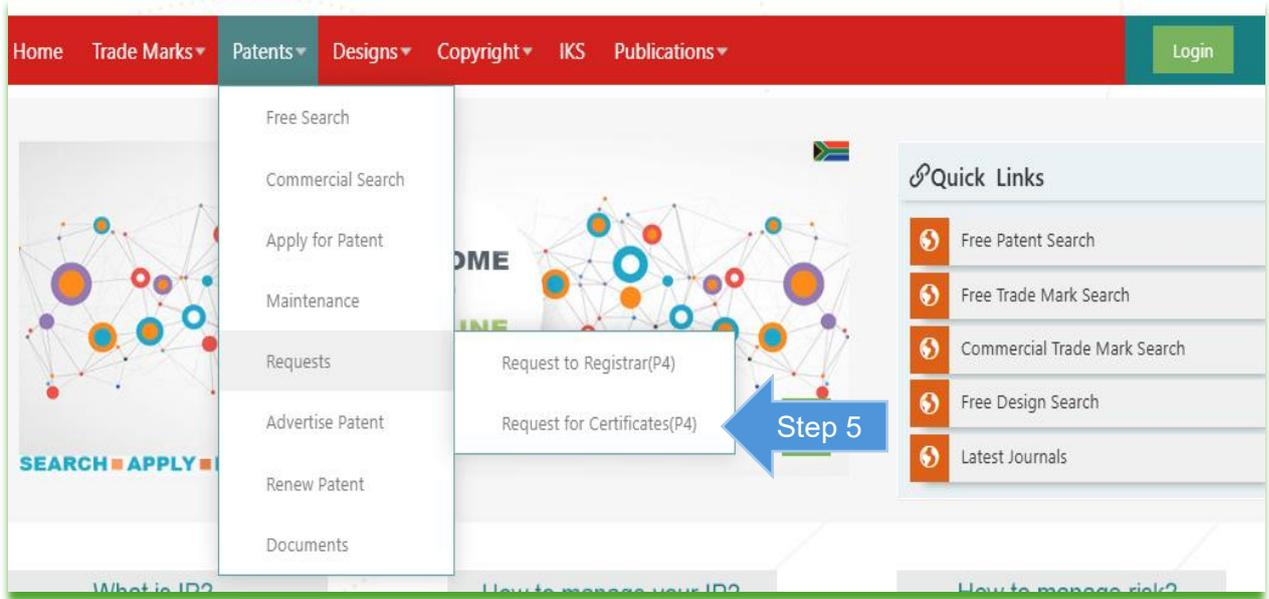

Figure 9: Patent Tab

Step 5 : Under the Patent menu, the client will click on **Requests**, then click on **Request for Certificate (P4)** under Requests to be directed to the Request Certified Certificate page.

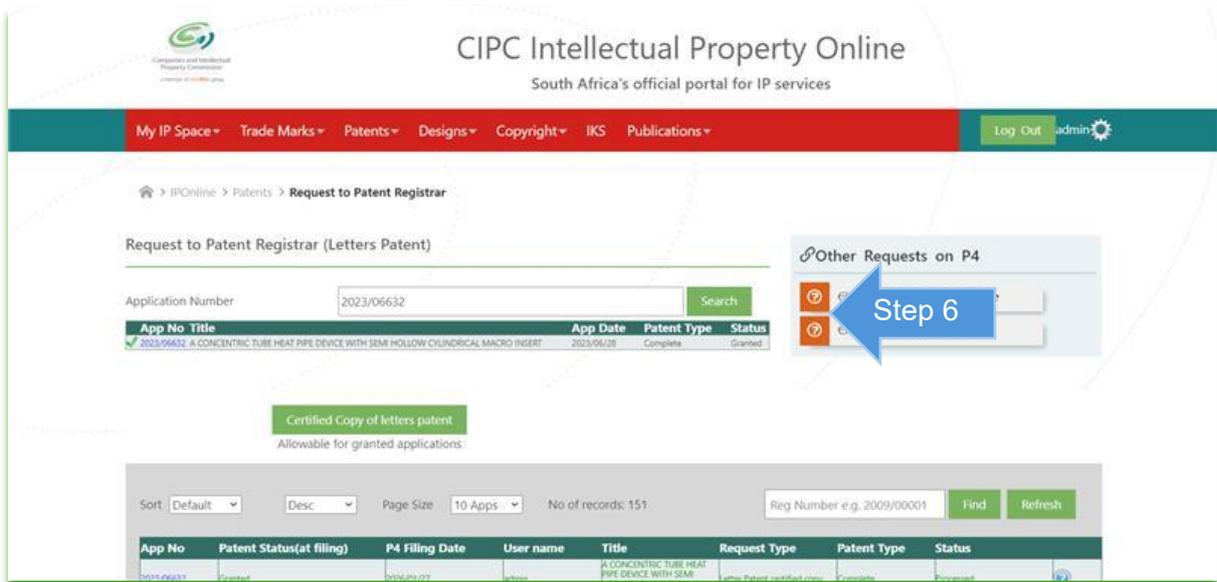

Figure 10: Request Certified Copy of Certificate page

Step 6: The client will be presented with the **Request Letters Patent Certificate** page. On this page, they will be required to **enter the relevant application number** for which they wish to request a duplicate certificate and then proceed to press the search button to search for the application.

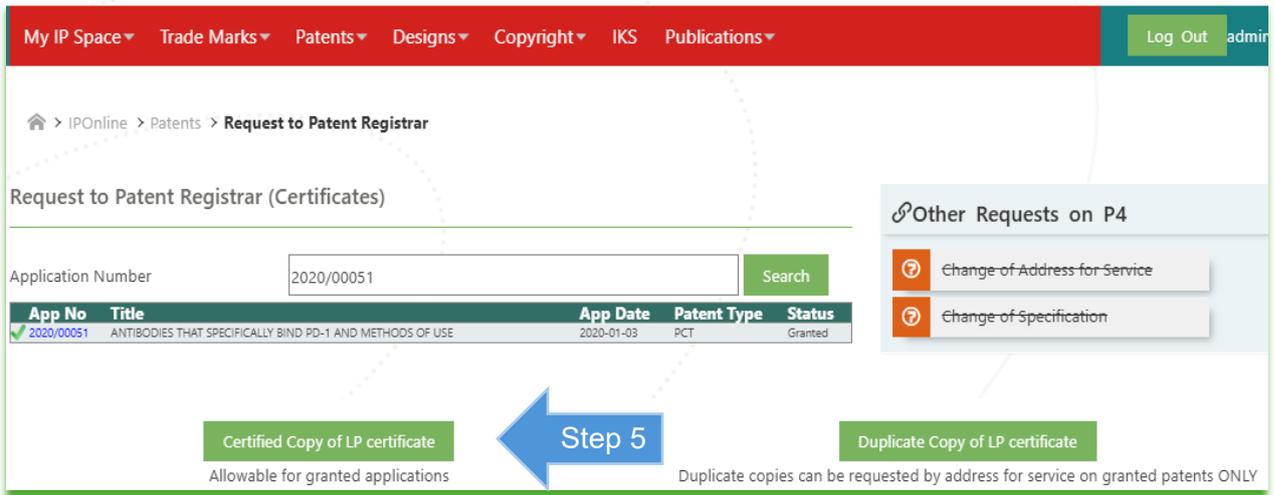

Figure 11: Application Number textbox

Step 5: Once the "Search" button is clicked, the **certified copy of LP Certificate** option will become enabled. To proceed to the next page, the user must then click on **certified copy of LP certificate button**.

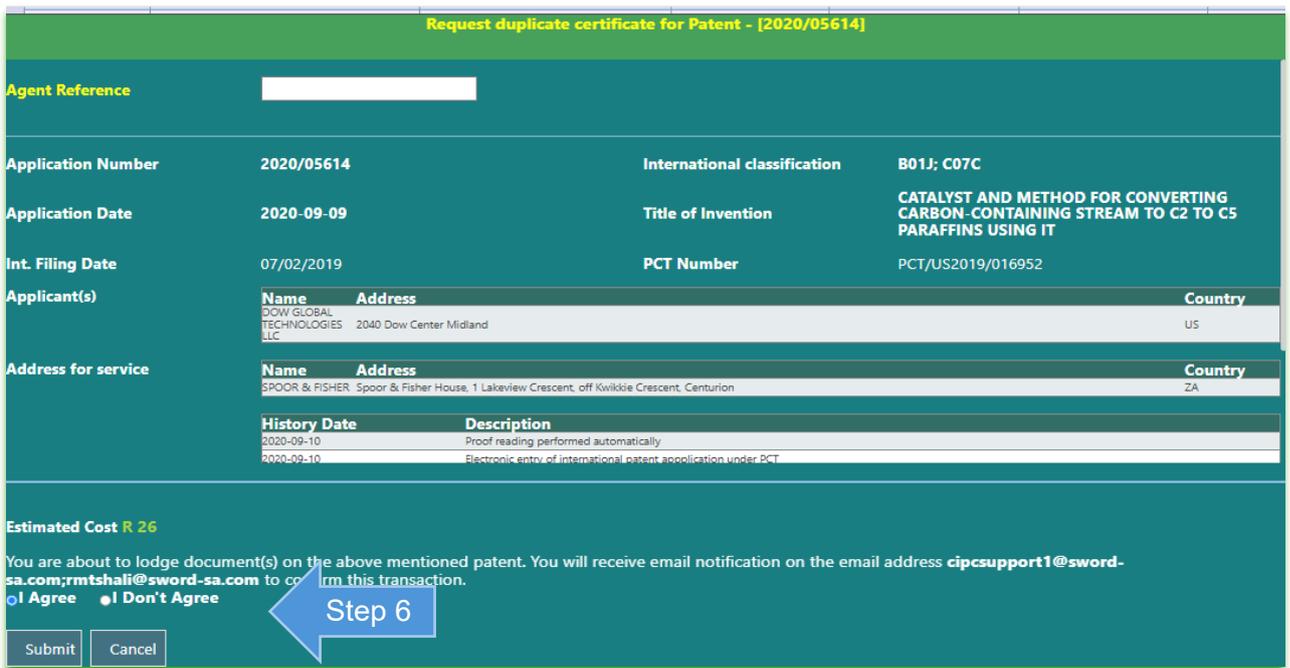

Figure 12: Lodge request page

Step 6: After clicking the "Request for certified copy of Certificate" button, you'll be directed to the **billing page**. Here, you have two options:

- Click **"I agree"** to accept the terms and proceed. This will activate the **"Submit" button**.
- Click **"I disagree"** if you do not wish to proceed. Selecting this option will terminate your current session.
